GREAT MISTLETOE DRINKS

DRINKS TO WARM THE COCKLES OF YOUR HEART

Winter drinks can be hot, hearty, or just plain warming. Here are some tips to help you make them. Remember the handy "Entertaining Reminder" on the back page and jot down your guests' preferences.

THE BAR

Items you'll need — blender or shaker, mixing glass, strainer, ice tongs, ice pick, juicer, jiggers, bottle opener, bottle stoppers or caps, corkscrew, lime-lemon squeezer, sharp knife, cutting board, stirring spoons, toothpicks and swizzle sticks.

TIPS

— Use shaved or finely crushed ice for frappé drinks to be sipped through straws; ice cubes for highballs or cocktails served in an old fashioned glass; cracked ice for shaken drinks.

— Since sugar does not dissolve easily in alcohol, dissolve it in water first or use sugar syrup.

— Use a bar strainer to pour all shaken drinks.

— For quick drinks, use instant cocktail mixes. Some come in handy pre-measured envelopes. Just add liquor.
